Chapter VII—Sugar Rationing Administration, Department of Agriculture

[Gen. Order 2, Amdt. 1]

PART 705—ADMINISTRATION

AUTHORIZATION TO FIX COMMUNITY CEILING PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register and pursuant to the authority conferred on the Secretary of Agriculture by the Sugar Control Extension Act of 1947, *It is ordered*, That paragraph (a) of General Order No. 2 be amended to read as follows:

(a) The Administrator of the Sugar Rationing Administration and any Director of a field office of the Sugar Rationing Administration, Department of Agriculture, may, by order, fix community dollar-and-cents ceiling prices, in any area or locality within their respective jurisdictions, for sales at retail by all sellers (including "retail route sellers" and "health food stores") of any food

item subject to price control under the jurisdiction of the Secretary of Agriculture. If an area for which it is deemed appropriate to fix community dollar-and-cents ceiling prices lies within the jurisdiction of more than one field office of the Sugar Rationing Administration, Department of Agriculture, the Administrator may authorize the Field Office Director for the area or locality in which the majority of the sellers to be covered by the order is located to issue an order establishing or adjusting community dollar-and-cents ceiling prices for all sellers in the marketing area.

This amendment shall become effective July 9, 1947.

Issued this 18th day of July 1947.

N. E. Dodd,
Acting Secretary of Agriculture.

*Opinion Accompanying Amendment
No. 1 to General Order No. 2*

The accompanying amendment to General Order No. 2 transfers the authority to fix community dollar-and-cents ceiling prices from Regional Sugar Executives and Deputy Regional Sugar Executives of the Sugar Rationing Administration, Department of Agriculture to Field Office Directors of the Sugar Rationing Administration, Department of Agriculture.

This change is necessitated by changes in the field organization of the Sugar Rationing Administration, Department of Agriculture.

NOTE: The reporting and record-keeping requirements of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 18th day of July 1947.

N. E. DODD,
Acting Secretary of Agriculture.

Rationale Accompanying Amendment No. 64 to Third Revised Ration Order 3

It has been found that fruits packed in light syrup and in water have been accumulating in the warehouses because of the buyer's preference to fruits packed in heavy or extra heavy syrup. It is felt, therefore, that since the sugar allocations have increased this year and since the issuance of sugar on the provisional allowance program on the West Coast alone is 86 million pounds less in the first six months of 1947 than in the corresponding period last year, packers of fruit should be permitted to utilize sufficient sugar per case to enable them to pack their fruit so that it will be salable

under the present market conditions. This amendment, therefore, provides that an industrial user may now obtain for canning and bottling fruit the amount of sugar required to pack fruit in extra heavy syrup as set forth in the Table, or 100 percent of his 1941 use of sugar per case, whichever is higher.

This amendment also permits picklers to obtain increased quantities of sugar for the pickling of cucumbers, cauliflower, onions and watermelons including relishes made from these products. This is accomplished by the elimination of pickles packed without sugar in arriving at his average usage. This action is also necessitated by a large accumulation of dills and sours for which the market has diminished.

Such records shall consist of a copy of all of his applications filed on SRA Form R-360 and a copy of OPA Form R-361.

This amendment shall become effective July 21, 1947.

NOTE: The reporting and record-keeping requirements of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 18th day of July 1947.

N. E. DODD,

Acting Secretary of Agriculture.

Rationale Accompanying Amendment No. 65 to Third Revised Ration Order 3

This amendment permits an industrial user to apply for a provisional allowance of sugar to manufacture condensed milk whether or not the condensed milk is packaged in containers holding more than one gallon. Prior to this amendment, a provisional allowance of sugar for the manufacture of condensed milk was granted only if such condensed milk would be packaged in containers holding more than one gallon. This action permits manufacturers to obtain a provisional allowance of sugar in order to utilize their excess milk in the production of sweetened condensed milk in bulk, or in the production of sweetened condensed milk in case goods.

This amendment also permits an industrial user to obtain and use for each case of 24, No. 2 cans (or equivalent) of soup which he will bottle or can during the quarter a provisional allowance of sugar equal to 100 percent of his average

use of sugar for each case of 24 No. 2 cans (or equivalent) during 1941 or during the period from August 1, 1943 through June 30, 1944. Amendment 51 changed the base period from August 1, 1943 through June 30, 1944 to 1941 for soup manufacturers. This change to 1941 base period use enabled manufacturers to obtain a provisional allowance for many kinds of soups for which there is no historic usage from August 1, 1943 through June 30, 1944. However, many manufacturers during the war because of Army requirements, tin restrictions and other reasons shifted from the production of ready-to-eat soups to condensed soups which they had not manufactured previously. Therefore, requiring industrial users to use 1941 instead of the period from August 1, 1943 through June 30, 1944, as their base period for soup places some of them in a hardship position.

This amendment, therefore, permits an industrial user to obtain for canning or bottling soup either 100 per cent of his 1941 use of sugar per case for each kind of soup or 100 per cent of his use of sugar per case for each kind of soup during the period from August 1, 1943 through June 30, 1944.

UNITED CORP.

NOTICE OF FILING OF AMENDMENT TO PLAN AND ORDER RECONVENING HEARING

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pennsylvania, on the 11th day of July 1947.

Notice is hereby given that the United Corporation ("United"), a registered holding company, has filed an amendment to a plan heretofore filed pursuant to section 11 (e) of the Public Utility Holding Company Act of 1935 in respect to

the retirement of its \$3 Cumulative Preference Stock (Holding Company Act Release No. 7496). All interested persons are referred to said amendment which is on file in the offices of this Commission for a statement of the transactions therein proposed. The amendment implements the plan as heretofore filed in respect to the matter summarized as follows:

The amendment proposes that each share of the outstanding \$3 Cumulative Preference Stock of United, together with the right to any accrued dividends thereon, and all other rights and claims represented thereby, be cancelled and retired by paying to the holder thereof a package consisting of the following:

(a) One share of common stock of Public Service Electric and Gas Company and one-tenth of a share of the common stock of South Jersey Gas Company, provided the Management's amended plan in the matter of Public Service Corporation of New Jersey, and Its Subsidiary Companies, File Nos. 59-86 and 54-148, (Holding Company Act Release Nos. 7336 and 7478), shall, meanwhile, have become effective; otherwise, one share of the common stock of the Public Service Corporation of New Jersey;

(b) One share of the common stock of Columbia Gas & Electric Corporation;

(c) One-fourth share of the common stock of The Cincinnati Gas & Electric Company; and

(d) \$6.00 in cash.

The amendment states that this proposal is made on the basis of present operating and financial conditions of the issuing companies, the present condition of the securities markets, and political, financial, and economic conditions generally prevailing as of the date of the amendment, and provides that United may withdraw or amend the plan in any respect prior to or subsequent to final approval by the Commission or by any Court of competent jurisdiction to which application may be made by the Commission for approval and enforcement of the plan and before the plan shall have been consummated pursuant to the order or decree of such Court; subject, however, to approval by the Commission or the Court, or both.

It appearing to the Commission that it is appropriate in the public interest and in the interest of investors and consumers that the hearing heretofore held with respect to the plan and adjourned on July 9, 1947, should be reconvened for the purpose of adducing further evidence and affording all interested persons further opportunity to be heard with respect to the matters and questions relating to the plan as filed and any amendment thereto as heretofore specified in this Commission's order of June 17, 1947 issued in the above-entitled matter (Holding Company Act Release No. 7496):

It is ordered, That the hearing in the above entitled proceeding be reconvened on September 9, 1947, at 10 a. m., e. d. s. t., before the same Hearing Officer heretofore designated, in the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia, Pennsylvania. On such date, the hearing room clerk in Room 318 will advise as to

the room in which such hearing will be held. Any person not heretofore having appeared in these proceedings and now desiring to be heard or proposing to intervene herein shall file with the Secretary of the Commission, on or before September 5, 1947, his request and application therefor as provided by Rule XVII of the rules of practice of the Commission.

It is further ordered, That the Secretary of the Commission shall serve notice of the aforesaid reconvened hearing by mailing copies of this order by registered mail to The United Corporation, and that notice be given to all other persons by general release of the Commission distributed to the press and mailed to the mailing list for release issued pursuant to the Public Utility Holding Company Act of 1935, and that further notice be given to all persons by publication of this notice and order in the FEDERAL REGISTER; and that The United Corporation give notice of this hearing to all holders of its common and preference stocks (insofar as the identity of such stockholders is known and available to The United Corporation) by mailing to each of said stockholders a copy of this notice and order at least 30 days prior to September 9, 1947.

UNITED LIGHT AND RAILWAYS CO. ET AL.
NOTICE OF FILING OF PLAN AND NOTICE OF
AND ORDER FOR HEARING AND ORDER OF CON-
SOLIDATION

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pa., on the 14th day of July A. D. 1947.

In the matter of The United Light and Railways Company and American Light & Traction Company, et al., respondents and applicants; File Nos. 59-11, 59-17 and 54-25, Application No. 31.

Notice is hereby given that The United Light and Railways Company ("Railways"), a registered holding company, and its subsidiary holding company, American Light & Traction Company ("American Light"), filed a joint application, numbered 31, pursuant to section 11 (e) of the Public Utility Holding Company Act of 1935 ("act") for approval of a plan designed to effectuate compliance with that portion of an order issued by the Commission on August 5, 1941 directing, inter alia, that Railways sever its relationship with American Light and its subsidiaries, and directing American Light to dispose of its interests in all properties outside Michigan and adjoining States and its minority investments including that in The Detroit Edison Company ("Detroit Edison"). The plan is also stated to be designed to effectuate compliance by American Light with section 11 (b) (1) and (b) (2) of the act.

In general, the plan provides for (1) the continuance, without change in its capital stock structure, of American Light as a registered holding company owning the gas utility system consisting of the properties owned by Michigan Consolidated Gas Company, Milwaukee Gas Light Company and Milwaukee Solvay Coke Company, and also owning the properties to be owned and operated by Michigan-Wisconsin Pipe Line Company and Austin Field Pipe Line Company and such additional properties as may hereafter be acquired by American Light or its subsidiaries with the approval of State and Federal regulatory bodies having jurisdiction over such acquisitions; (2) the sale or other disposition by American Light of Madison Gas and Electric Company stock and its minority interest in Detroit Edison; and (3) the sale or other disposition by Railways of its interests, direct or indirect, in, and its holdings of stock of, American Light and its subsidiaries, including Madison Gas and Electric Company and Detroit Edison.

All interested persons are referred to said application which is on file in the office of this Commission for a statement of the transactions therein proposed, which are described by applicants as follows:

1. When the plan is approved, American Light will discontinue the payment of cash dividends on its common stock and commence the payment of dividends in Detroit Edison stock. It is contemplated that the market value of Detroit Edison stock distributed (plus cash paid in lieu of fractional shares) will approximate the corporate net income applicable to the common stock of American Light during the period in which dividends are paid in this manner.

2. To the extent which may be necessary, resources and credit of American Light will be utilized to assist in financing the new pipe line system. The common stock to be issued by the two pipe line companies will be retained in the integrated system and senior securities of those companies will be issued to others. Construction funds will be needed by the pipe line companies at various intervals and the funds to be invested by American Light in the pipe line enterprise will be provided (a) from cash now on hand, (b) from cash accumulated by virtue of the discontinuance of cash dividends on common stock and (c) from the sale of shares of Detroit Edison stock.

3. Applicants state that in order to protect the preferred stockholders of American Light by maintaining at all times a high ratio of earnings to preferred stock dividend requirements, the shares of Detroit Edison stock not distributed as dividends or sold for pipe line purposes and the stock of Madison Gas and Electric Company will be retained during the period the pipe line is under construction and no earnings are accruing from that source. When earnings from the pipe line commence to accrue, an additional amount of Detroit Edison stock will be sold to provide funds to meet the reasonably foreseeable needs of American Light and its subsidiaries, and such stock of Detroit Edison as may then remain, to-

gether with the common stock of Madison Gas and Electric Company, will be distributed pro rata to the common stockholders of American Light.

4. As soon as practicable after the plan is approved, Railways will sell or otherwise dispose of all shares of preferred stock of American Light held by it. Railways will also promptly sell or otherwise dispose of all shares of Detroit Edison and Madison Gas and Electric Company received by it in distributions made by American Light. The manner in which such sales or other dispositions are to be made shall be subject to the approval of the Commission.

5. When the plan is approved, Railways will discontinue the payment of cash dividends on its common stock and commence the payment of dividends in common stock of American Light. It is contemplated that dividends will be paid in this manner until earnings from the pipe line commence to accrue and that the market value of American Light common stock distributed (plus cash paid in lieu of fractional shares) will approximate the corporate net income of Railways available for common stock during the period in which dividends are paid in this manner. The then remaining American Light common stock held by Railways will be offered for sale to the common stockholders of Railways or otherwise disposed of upon terms and conditions to be submitted to the Commission for approval.

6. In all distributions of common stock of Detroit Edison and Madison Gas and Electric Company made by American Light and in all distributions of common stock of American Light made by Railways, cash may be paid to common stockholders of American Light and Railways in lieu of distributing fractional shares or scrip. The number of shares to be distributed, the basis of distribution, and the method of determining the amount of cash to be paid in lieu of fractional shares or scrip shall be subject to the approval of the Commission.

7. When the Commission may determine that it is desirable to segregate the management of American Light from the management of Railways, the interlocking of officers and directors and the contractual relations between the American Light system and the Railways system shall be terminated to the extent deemed necessary by the Commission.

8. To obtain funds needed for pipe line purposes and to expedite the financing of the pipe line companies, separate applications will be filed requesting prompt approval of the financing program.

Applicants state that Application 21, as amended, and the plan set forth therein providing for the liquidation and dissolution of American Light, heretofore filed in these proceedings, are withdrawn.

Applicants also state that approval and consummation of the plan will effect full compliance by both Railways and American Light with the provisions of the Commission's order of August 5, 1941; and, insofar as American Light is concerned, it is stated that there will remain no questions for determination under subsections (b) (1) or (b) (2) of section 11, and that approval of the

plan will enable Railways and American Light to complete compliance with the order of August 5, 1941 in a feasible and expeditious manner.

The Commission being required by the provisions of section 11 (e) of the act, before approving any plan submitted, to find after notice and opportunity for hearing that the plan, as submitted or as modified, is necessary to effectuate the provisions of subsection (b) of section 11, and is fair and equitable to the persons affected thereby; and it appearing appropriate that notice of the filing of the plan be given and a hearing held with respect to the plan, and that said plan shall not become effective except pursuant to further order of the Commission; and

The Commission having heretofore instituted proceedings under sections 11 (b) (1) and 11 (b) (2) of the act and applicants having heretofore submitted, pursuant to section 11 (e) of the act, a plan to effectuate compliance with the Commission's order of August 5, 1941, and public hearings having been held in said proceedings and the record therein closed and the issues involved having been submitted to the Commission for its determination; and

It appearing to the Commission that the evidence in the consolidated proceedings under sections 11 (b) (1), 11 (b) (2) and 11 (e) of the act with respect to applicants and their subsidiaries (File Nos. 54-11, 54-17 and 54-25) is or may be relevant to the issues presented by the proposed plan and that the prior proceedings and the proceedings in respect of the proposed plan may involve common questions of law and fact and should be consolidated;

It is ordered, That the consolidated proceedings under File Nos. 59-11, 59-17 and 54-25 and the proceedings with respect to the instant application be, and the same hereby are, consolidated without prejudice, however, to the Commission's right upon its own motion or the motion of any interested party, to strike such portions of the record of the prior proceedings as may be deemed irrelevant, and without prejudice to the Commission's right upon its own motion or the motion of any interested party to separate for determination any of the issues involved in the consolidated proceedings.

YORK STATE ELECTRIC & GAS CORP.

NOTICE REGARDING FILING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 11th day of July 1947.

Notice is hereby given that a joint application-declaration has been filed with the Commission, pursuant to the Public Utility Holding Company Act of 1935, by General Public Utilities Corporation ("GPU"), a registered holding company, and New York State Electric & Gas Corporation ("New York State"), a subsidiary of GPU. Applicants-declarants have designated sections 6, 7, 9, 10 and 12 of the act and Rules U-42 and U-43 promulgated thereunder as applicable to the proposed transactions.

Notice is further given that any interested person may, not later than July 23, 1947, at 5:30 p. m., e. d. s. t., request the Commission in writing that a hearing be held on such matter, stating the

reasons for such request, the nature of his interest and the issues, if any, of fact or law raised by said joint application-declaration proposed to be controverted, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania. At any time after July 23, 1947, said joint application-declaration, as filed or as amended, may be granted and permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated under the act, or the Commission may exempt such transaction as provided in Rule U-20 (a) and Rule U-100 thereof.

All interested persons are referred to said joint application-declaration, which is on file in the office of the Commission, for a statement of the transaction therein proposed which is summarized below:

The authorized common stock of New York State consists of 50,000 shares without par value, of which 46,484 shares are issued and outstanding; all of such shares are held by GPU. The stated capital applicable to such 46,484 shares of common stock is \$22,000,000. New York State proposes to eliminate the 3,516 shares of unissued common stock and to reclassify its issued and outstanding 46,484 shares of common stock without par value into 880,000 shares of common stock of a par value of \$25 per share. Thus, after the reclassification, the par value of New York State's issued and outstanding common stock will be \$22,000,000. Pursuant to such reclassification, GPU proposes to surrender to New York State the 46,484 shares of common stock without par value of New York State now held by it and to receive in exchange therefor the 880,000 shares of \$25 par value common stock of New York State which will result from the reclassification.

The joint application - declaration states that the New York State Public Service Commission has jurisdiction over the proposed transaction, and that on April 30, 1947, such commission consented to a reclassification of the common stock.
